

## **Industry Veteran joins board of directors**

Castlegem are pleased to announce that Dr. Tomas Kovar, a former HP CTO, has joined Castlegem's board of directors as managing director.

Tom has decades of experience in managing professional services for the telco and IT industry, working in global and multicultural environments. Tom's main focus as managing director with Castlegem will be catering to clients needing integrated and managed solutions, offering consulting and solution deployment allowing customers to leverage their IT infrastructure.
